### Arab American and Chaldean Council in Detroit Receives Cool Cities “Neighborhoods in Progress” Designation

**October 12, 2006** – Robert W. Swanson, director of the Michigan Department of Labor & Economic Growth (DLEG), recently announced that Arab American and Chaldean Council (ACC) in Detroit has been selected as a Cool Cities “Neighborhoods in Progress” designee.

The ACC has identified several Arab-American, Chaldean, and African-American artists who have expressed a need for studio and gallery space.

The ACC has already demolished an existing building to provide space for the Artisana adjacent to the planned pocket park and Youth Center. There are no other arts facilities in the 7-mile area.

The Cool Cities Program is part of Governor Jennifer M. Granholm's economic plan to help revitalize Michigan's cities by retaining and attracting the jobs and people critical to the emerging economies of the 21<sup>st</sup> century. The program is funded by redirecting existing resources in state government.

This year, sixteen projects have received the Cool Cities “Neighborhoods in Progress” designation and priority access to “tool box” items. Twelve of the 16 will also receive the catalyst grant of \$100,000. The 12 projects receiving the Cool Cities “Neighborhoods in Progress” and catalyst grant are located in Benton Harbor, Detroit (3), Flint, Grand Rapids, Howell, Ionia, Lansing, Mount Clemens, Muskegon, and Pontiac. The four projects that received the Cool Cities designation and priority access to state resources, without the \$100,000 catalyst funding are: Adrian, Cadillac, Dearborn and Saginaw.

“We had the funding available for 12 Neighborhoods in Progress, however we received 16 outstanding for proposals. As a result, we opted to add Adrian, Dearborn, Cadillac, and Saginaw projects as Cool Cities designees to assist their projects with the resources we have available including priority access and technical assistance,” said Department of Labor & Economic Growth Director Robert W. Swanson. “We’ve learned from past Cool Cities projects that just the designation alone gives them an opportunity to leverage significant investment into their communities.”
